WORK EXPERIENCE

Software Developer Intern | Prosper IT Consulting - Portland, OR 14-25 February 2022

- Skills set: C#, ASP.NET, JavaScript, HTML, CSS, SQL Server
- Contributed to an MVC web application in C# for a theatre company in Portland. During the two-week sprint I worked on an AGILE/SCRUM team using Azure DevOps for project management to create functionalities and overall improvements to the production section of the site. Throughout the course of the project I experienced work in the front end and the back end to complete my user stories

Facilities Assistant | Broomfield United Methodist Church - Broomfield, CO Nov. 2019 - Nov. 2021

- Event set up and break down; general point of contact on day of church services and events

Behavior Technician/Office Admin | Autism Learning Partners - Denver, CO Feb. 2018 - Nov. 2018

- Trained in Applied Behavior Analysis; provide 1:1 in-home services to children with behavioral and developmental difficulties

EDUCATION AND TRAINING

Certification in Software Development | The Tech Academy March 2022

- Immersive boot camp with more than 600 hours of instruction and hands-on coding experience

B.A. Sociology: Organizational Studies | University of California, Davis June 2012

- Division I Baseball
